

LEGAL DISCLAIMER AND MEDICAL DISCLAIMER

Anatomy Guild LLC

Effective Date: October 9, 2026 **Last Updated:** October 9, 2026

IMPORTANT - PLEASE READ BEFORE USING THIS WEBSITE OR ANY ANATOMY GUILD CONTENT
ANATOMY GUILD LLC (“ANATOMY GUILD”) PROVIDES EDUCATIONAL CONTENT ONLY. NOTHING ON THIS WEBSITE OR IN ANY ANATOMY GUILD VIDEO, COURSE, MODULE, LESSON, LIVE OR RECORDED EVENT, PODCAST, EMAIL, SOCIAL MEDIA POST, OR OTHER MATERIAL (THE “CONTENT”) IS MEDICAL ADVICE OR A SUBSTITUTE FOR MEDICAL ADVICE, DIAGNOSIS, OR TREATMENT.

NOTHING IN THE CONTENT SHOULD BE USED TO DIAGNOSE, TREAT, CURE, MITIGATE, OR PREVENT ANY DISEASE, INJURY, OR CONDITION, OR AS A BASIS FOR ANY HEALTH CARE DECISION, WITHOUT FIRST CONSULTING YOUR PRIMARY CARE PHYSICIAN OR OTHER QUALIFIED, LICENSED HEALTH CARE PROFESSIONAL.

ANATOMY GUILD, ITS FOUNDERS, PRESENTERS, ADVISORS, AND GUESTS ARE NOT YOUR DOCTOR OR YOUR HEALTH CARE PROVIDER, AND NO DOCTOR-PATIENT, THERAPIST-PATIENT, OR OTHER PROFESSIONAL RELATIONSHIP IS CREATED BY YOUR USE OF THE CONTENT.

NEVER DISREGARD PROFESSIONAL MEDICAL ADVICE, OR DELAY SEEKING IT, BECAUSE OF SOMETHING YOU SAW OR READ HERE. IF YOU MAY BE HAVING A MEDICAL EMERGENCY, CALL 911 (OR YOUR LOCAL EMERGENCY NUMBER) IMMEDIATELY. THE CONTENT INCLUDES GRAPHIC IMAGES OF HUMAN ANATOMICAL DONORS, AND YOU USE IT AT YOUR OWN RISK, AS DESCRIBED IN THIS DISCLAIMER.

1. WHO AND WHAT THIS DISCLAIMER COVERS

- 1.1 This Legal Disclaimer and Medical Disclaimer (this “Disclaimer”) applies to anatomyguild.com and its related sites (the “Website”) and to all Anatomy Guild programs and materials, including online courses, lessons, memberships, videos, webinars, podcasts, emails, and social media channels (together with the Website, the “Services”), and to all Content.
- 1.2 “Presenters” means Anatomy Guild’s founders, instructors, advisors, advisory-board members, guest speakers, hosts, and any other person who appears in or contributes to the Content, whether or not employed by Anatomy Guild.
- 1.3 This Disclaimer is part of, and should be read with, Anatomy Guild’s Terms of Use, Terms of Sale, and Privacy Policy. If they conflict, the provision more protective of Anatomy Guild controls. If you do not agree with this Disclaimer, do not use the Services.

2. EDUCATIONAL PURPOSES ONLY; NOT MEDICAL ADVICE

- 2.1 The Content is provided for general educational and informational purposes only, to help students and professionals learn about human anatomy and movement. It does not provide medical, nursing, rehabilitation, physical therapy, chiropractic, manual therapy, massage therapy, athletic training, nutrition, mental health, or any other health or professional advice, diagnosis, treatment, or services. It is not tailored to you, your health history, or your circumstances, and what is shown or said about one body, specimen, or person may not apply to another.

- 2.2 Anatomy Guild does not claim that any Content or program diagnoses, treats, cures, mitigates, or prevents any disease, injury, or medical condition. Do not use the Content to self-diagnose, to decide whether to seek, continue, or stop treatment, or to treat yourself or anyone else, and do not ignore, delay, or discontinue professional medical advice, medication, or treatment because of something you saw, heard, or read in the Content.

3. NO PROFESSIONAL RELATIONSHIP; NO PRACTICE OF A LICENSED PROFESSION

- 3.1 Your use of the Services, and any communication with Anatomy Guild or a Presenter through the Services (including comments, emails, direct messages, and live-session chat), does not create a doctor-patient, therapist-patient, provider-client, coach-client, or any other professional relationship between you and Anatomy Guild or any Presenter.
- 3.2 Anatomy Guild and the Presenters do not, through the Services, practice medicine, physical therapy, chiropractic, massage therapy, athletic training, nursing, psychology, or any other licensed profession, and do not evaluate, diagnose, treat, or give individualized advice to any viewer. Presenters will not answer requests for personal medical advice.
- 3.3 **Credentials and titles.** A Presenter's degrees, licenses, certifications, and titles identify the Presenter's background. They do not mean the Presenter is licensed to practice in your location or is acting as your health care provider, and corporate titles used by Anatomy Guild describe a role within Anatomy Guild, not the provision of clinical care to viewers.

4. CONSULT QUALIFIED PROFESSIONALS; EMERGENCIES

- 4.1 Always seek the advice of your primary care physician or another qualified, licensed health care professional about any medical condition, symptom, injury, medication, exercise program, or treatment, and before beginning, changing, or stopping any health-related activity.
- 4.2 **Emergencies.** If you believe you or someone else may have a medical emergency, call 911 (in the United States) or your local emergency number immediately. Do not rely on the Services, email, or social media in an emergency. If you are in the United States and are thinking about suicide or are in emotional crisis, call or text 988 (the 988 Suicide & Crisis Lifeline); elsewhere, contact your local emergency number or crisis service.

5. PROFESSIONAL USERS: JUDGMENT, SCOPE OF PRACTICE, AND CONTINUING EDUCATION

- 5.1 **Independent professional judgment.** If you are a physician, therapist, chiropractor, massage therapist, athletic trainer, nurse, coach, or other professional, you are solely responsible for your own clinical and professional judgment and for any decision to apply or adapt anything in the Content in your practice, and for complying with all laws, licensing-board rules, scope-of-practice limits, standards of care, informed-consent and documentation duties, and ethical codes that apply to you.
- 5.2 **Scope of practice and training.** Nothing in the Content authorizes or qualifies you to perform any technique, procedure, or service outside your license, certification, training, or legal scope of practice, which differs by profession and jurisdiction. Online education is not a substitute for supervised, hands-on clinical training.
- 5.3 **Not a license or credential.** Completion of an Anatomy Guild program, attendance at an event, or receipt of a certificate of completion does not make you licensed, certified, registered, or credentialed by any government agency, licensing board, or credentialing organization, and does not confer any authority to practice or to represent yourself as having a credential you do not hold. A certificate issued by Anatomy Guild is issued by Anatomy Guild only and is not a regulated professional credential.

- 5.4 **Continuing education.** Whether any continuing education units, hours, or credits (“CE”) are accepted is decided solely by the licensing board or credentialing organization that regulates you, not by Anatomy Guild. CE approval varies by profession, jurisdiction, and credentialing body and can change. A program has CE approval only where its program page says so, and then only from the approving body named there. Anatomy Guild does not represent that any board or organization will accept any program for CE credit. You are responsible for confirming requirements with your board or organization before you enroll and for keeping your own records. If you believe a program was misdescribed, contact Anatomy Guild; remedies, if any, are as stated in the Terms of Sale.
- 5.5 **Patient privacy.** Do not post or send patient or client information, photographs, or recordings to Anatomy Guild or in any comment or community area. You are responsible for complying with privacy laws that apply to you, including HIPAA if you are a covered entity.

6. GENERAL PUBLIC: PHYSICAL ACTIVITY, SAFETY, AND SELF-TREATMENT

- 6.1 Anatomy Guild welcomes members of the public who want to learn how the body works, but the Content is not a program of exercise, therapy, or self-treatment. Do not attempt any technique, movement, manual technique, exercise, or procedure you see or hear described in the Content on yourself or anyone else unless you are properly trained and authorized and your own qualified health care professional has approved it for your circumstances.
- 6.2 Physical activity, movement, manual techniques, and exercise carry inherent risks, including muscle, joint, tendon, ligament, and nerve injury, aggravation of existing conditions, and, in rare cases, serious injury or death. Consult your physician before beginning any new activity, particularly if you have had any injury, surgery, or chronic medical condition, are pregnant, are taking medication, or are older. Stop immediately and seek medical attention if you experience pain, dizziness, numbness, tingling, shortness of breath, chest discomfort, or any other unusual symptom.

7. NATURE OF THE CONTENT: GRAPHIC MATERIAL, HUMAN DONORS, AND DEMONSTRATIONS

- 7.1 **Graphic content.** The Content includes realistic, graphic images and video of dissection and of human anatomical donors (cadavers), tissue, and body parts. It may be disturbing and is not appropriate for anyone who may be distressed by such imagery. Viewer discretion is advised.
- 7.2 **Human donors.** Footage of anatomical donors was filmed with the consent of body donor programs. Please treat the Content, and the persons it depicts, with respect and dignity. Images of anatomical donors may not be copied, recorded, or shared except as the Terms of Use allow.
- 7.3 **Demonstrations and specimens.** Where the Content shows living persons, such as athletes, it is an educational illustration by persons who may have specific training, and not instruction or a recommendation that you perform the movement. Anatomical specimens differ from living tissue (for example, in preservation, circulation, neural activity, and individual variation), so observations from specimens, and models built on them, have limits when applied to living persons.

8. ANATOMY GUILD’S EDUCATIONAL MODELS, OPINIONS, AND EVOLVING SCIENCE

- 8.1 The Content presents Anatomy Guild’s educational frameworks, including the framework Anatomy Guild calls Oscillatory Kinematics™, and the observations, interpretations, and opinions of its founders and Presenters about how human tissue moves, to help students and professionals think about and discuss anatomy and movement. These frameworks are Anatomy Guild’s own models. Unless the Website expressly says otherwise, they are not clinical practice guidelines, a standard of care, or an approved treatment protocol of any government agency, professional

association, or licensing or accrediting body, and Anatomy Guild does not claim that they diagnose, treat, cure, mitigate, or prevent any disease, injury, or condition.

- 8.2 The fields of anatomy, biomechanics, and rehabilitation are evolving. Other qualified experts may disagree, and information that appears accurate today may be revised or contradicted by later research. Whether and how to apply any model or idea in the Content is a matter for your own independent judgment and, where applicable, your professional responsibility. Anatomy Guild makes no representation that any model, technique, or approach in the Content is safe, effective, or appropriate for any particular person, condition, or setting.

9. NO GUARANTEE OF RESULTS; EXAMPLES

- 9.1 Anatomy Guild does not guarantee or promise any particular result, including any improvement in health, pain, mobility, performance, or recovery; any improvement in professional skill, exam results, clients, income, or career; or acceptance of CE credit. Outcomes depend on many individual factors outside Anatomy Guild's control. Any example or story in the Content describes one person's experience and is not a promise that you will have the same one.
- 9.2 Some Presenters, advisors, or partners may receive compensation, equity, free access, or other benefits from Anatomy Guild or from products or services they mention. Where that is so, Anatomy Guild will disclose it in or near the Content as the law requires.

10. PRESENTERS, ADVISORS, GUESTS, AND THIRD PARTIES; NO INSTITUTIONAL ENDORSEMENT

- 10.1 Statements, opinions, and recommendations expressed by Presenters, advisors, guests, commenters, and other third parties are their own and do not necessarily reflect the views of Anatomy Guild, other Presenters, or any institution with which they are or have been affiliated. An advisor's or guest's participation does not mean that person has reviewed or endorses every statement in the Content.
- 10.2 **No affiliation or endorsement.** Names of universities, hospitals, military branches, government agencies, professional associations, and employers appear in the Services to identify a Presenter's background. Their appearance does not mean that any such institution sponsors, endorses, reviews, or is affiliated with Anatomy Guild, the Services, or the Content, unless the Services expressly say so, and the views of Presenters are not those of any current or former employer, school, or military service.
- 10.3 **Third-party content and links.** The Services may mention, link to, or embed third-party websites, products, services, and content. Anatomy Guild does not control or endorse them and is not responsible for them. Use them at your own risk and subject to their own terms. Product, company, and organization names belong to their owners and are used for identification only.

11. ACCURACY, COMPLETENESS, AND CURRENCY; NO OTHER PROFESSIONAL ADVICE

Anatomy Guild works to make the Content accurate, but it does not warrant that the Content is accurate, complete, current, or free from error. The Content may contain mistakes, omit important information, and become out of date, and Anatomy Guild may change or remove it at any time without any obligation to update it. Information about licensing, scope of practice, CE, law, and regulation is general and may not apply to you, so verify it with the relevant authority. Nothing in the Services is legal, financial, tax, insurance, or investment advice.

12. DISCLAIMER OF WARRANTIES

TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, THE SERVICES AND THE CONTENT ARE PROVIDED “AS IS” AND “AS AVAILABLE,” WITHOUT WARRANTIES OF ANY KIND, WHETHER EXPRESS, IMPLIED, OR STATUTORY. ANATOMY GUILD DISCLAIMS ALL WARRANTIES, INCLUDING IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE, AND NON-INFRINGEMENT, AND ANY WARRANTY THAT THE SERVICES WILL BE UNINTERRUPTED OR ERROR-FREE OR THAT THE CONTENT WILL BE ACCURATE, COMPLETE, CURRENT, OR ACHIEVE ANY RESULT.

13. LIMITATION OF LIABILITY

- 13.1 TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, NEITHER ANATOMY GUILD NOR ITS MEMBERS, MANAGERS, OFFICERS, EMPLOYEES, CONTRACTORS, AGENTS, LICENSORS, OR PRESENTERS (THE “ANATOMY GUILD PARTIES”) WILL BE LIABLE FOR ANY INJURY, ILLNESS, OR DEATH, OR FOR ANY LOSS OR DAMAGE OF ANY KIND, INCLUDING DIRECT, INDIRECT, INCIDENTAL, SPECIAL, CONSEQUENTIAL, EXEMPLARY, OR PUNITIVE DAMAGES, LOSS OF PROFITS, REVENUE, CLIENTS, DATA, OR GOODWILL, AND ANY PROFESSIONAL DISCIPLINE OR LOSS OF LICENSE OR CREDENTIAL, ARISING OUT OF OR RELATED TO YOUR ACCESS TO OR USE OF (OR INABILITY TO ACCESS OR USE) THE SERVICES OR THE CONTENT, OR YOUR RELIANCE ON THEM, WHETHER BASED ON CONTRACT, TORT, NEGLIGENCE (INCLUDING THE NEGLIGENCE OF THE ANATOMY GUILD PARTIES), STRICT LIABILITY, STATUTE, OR ANY OTHER THEORY, EVEN IF ANATOMY GUILD HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH LOSS.**
- 13.2 TO THE EXTENT ANY LIABILITY CANNOT BE EXCLUDED, THE TOTAL AGGREGATE LIABILITY OF THE ANATOMY GUILD PARTIES FOR ALL CLAIMS RELATING TO THE SERVICES WILL NOT EXCEED THE GREATER OF (A) THE AMOUNT YOU PAID TO ANATOMY GUILD IN THE TWELVE (12) MONTHS BEFORE THE EVENT GIVING RISE TO THE CLAIM AND (B) ONE HUNDRED U.S. DOLLARS (US\$100).**
- 13.3 NOTHING IN THIS DISCLAIMER EXCLUDES OR LIMITS LIABILITY THAT CANNOT BE EXCLUDED OR LIMITED UNDER APPLICABLE LAW, INCLUDING, WHERE THAT LAW DOES NOT ALLOW IT, LIABILITY FOR FRAUD, GROSS NEGLIGENCE, WILLFUL MISCONDUCT, OR DEATH OR PERSONAL INJURY CAUSED BY NEGLIGENCE. SOME JURISDICTIONS DO NOT ALLOW CERTAIN LIMITATIONS, SO SOME OF THE ABOVE MAY NOT APPLY TO YOU. SEE SECTION 15.**

14. ASSUMPTION OF RISK

YOU ACKNOWLEDGE AND AGREE THAT USING OR RELYING ON THE CONTENT, AND PERFORMING OR APPLYING ANY MOVEMENT, EXERCISE, MANUAL TECHNIQUE, OR OTHER ACTIVITY DESCRIBED OR SHOWN IN IT, INVOLVES RISK, INCLUDING THE RISK OF INJURY, AGGRAVATION OF AN EXISTING CONDITION, AND, IN RARE CASES, SERIOUS INJURY OR DEATH. YOU CHOOSE TO USE THE CONTENT VOLUNTARILY AND AT YOUR OWN RISK AND ARE SOLELY RESPONSIBLE FOR YOUR DECISIONS AND ACTIONS.

15. WHERE YOU ARE; LOCAL LAW; NON-EXCLUDABLE RIGHTS

- 15.1 Anatomy Guild is based in the United States, and the Services are designed primarily for a U.S. audience. The regulation of health care, rehabilitation, coaching, manual therapy, and continuing education differs among countries. You are responsible for ensuring that your use of the Services, and any professional use of the Content, comply with the laws that apply to you. Anatomy Guild may restrict or refuse access from any location, including where required by sanctions or export laws.
- 15.2 Nothing in this Disclaimer limits any right you have under mandatory consumer law where you live that cannot be excluded by agreement (for example, in the European Union, the United Kingdom, Australia, and New Zealand).

16. GENERAL TERMS

- 16.1 **Acknowledgment.** By using the Services you acknowledge that you have read and understood this Disclaimer. When you create an account or make a purchase, Anatomy Guild will ask you to confirm this acknowledgment by affirmatively checking a box.
- 16.2 **Governing law and disputes.** This Disclaimer and any dispute relating to it are governed by the laws of the State of Texas, without regard to conflict-of-law rules, and subject to Section 15.2. Venue and any other dispute-resolution terms are set out in the Terms of Use.
- 16.3 **Severability; waiver; changes.** If any part of this Disclaimer is found unenforceable, it will be enforced to the maximum extent permitted and the rest will remain in effect, and a failure to enforce any provision is not a waiver. Anatomy Guild may update this Disclaimer by posting a new version with a new “Last Updated” date, and continued use of the Services means you accept the updated version.

17. CONTACT

Anatomy Guild LLC, 701 Commerce Street, Suite 500 #3075, Dallas, TX 75202. Email: info@anatomyguild.com.

APPENDIX A. SHORT-FORM NOTICES FOR PLACEMENT

Each short notice below should appear at the place listed and link to this Disclaimer.

- A-1 **Website footer (every page), email footers, social media bios, and video captions.** “Educational content only. Not medical advice. No doctor-patient relationship is created. Content includes graphic images of human donors. See our Legal Disclaimer and Medical Disclaimer.” Marketing emails should also carry Anatomy Guild’s postal address and an unsubscribe link.
- A-2 **Before every video lesson.** “EDUCATIONAL CONTENT ONLY. This lesson is not medical advice or a substitute for care from your own licensed health care professional. Do not attempt techniques shown here unless you are properly trained and authorized. This lesson contains graphic images of human donors. Viewer discretion is advised.”
- A-3 **Account creation and checkout (unchecked box, required to continue).** “I have read and agree to the Legal Disclaimer and Medical Disclaimer, the Terms of Use, and the Terms of Sale, and I have read the Privacy Policy. I understand that Anatomy Guild’s content is educational, is not medical advice, and creates no professional relationship, and that I should consult my own licensed health care professional before acting on it.”
- A-4 **Live sessions, webinars, and podcasts (at the start and in show notes).** “This session is for education only and is not medical advice. The speakers are not your health care providers. Please consult your own qualified professional. This session may be recorded; see our Privacy Policy.”
